Lock & Cremon DSL for all aluminium series

Lock and Cremon DSL with stainless steel locking lug and dead-bolt for maximum security and durability and with the option of placing two Inox striking plates for extra security, is suitable for all sliding aluminium windows. Handles come in two shapes, straight and oval, along with a special installation Kit for each aluminium series. The lock and cremon DSL has a locking bolt with ingot and electrostatic paint finish. It can be used with the Passport and Multipassport sliding system.

The DSL flush are suitable for all aluminium sliding systems. They have white and black electrostatic paint finish as well as chrome finish. They are easily installed and combine perfect functionality with aesthetic appearance.

They are also available in more than 300 special colours upon request
